

Equal

Revolutionizing islamic finance
with blockchain technology

*Unlocking global halal
investment opportunities
through tokenized Sharia-compliant assets.*

Problem

Challenges in Islamic Finance Today

Limited Accessibility

Islamic financial instruments lack global reach, restricting investor participation.

Low Liquidity

Markets for halal assets like Sukuk remain illiquid, reducing flexibility for investors

Lack of Transparency

Traditional systems struggle to provide consistent compliance monitoring.

Barriers for Startups

High costs and complex regulations prevent many businesses from accessing Islamic finance.

Solution

Introducing Equal

- A multi-blockchain platform for tokenizing Sharia-compliant financial instruments.
- Combining blockchain technology with Islamic financial principles to:
 1. Globalize access to halal investments.
 2. Create liquid markets for tokenized assets.
 3. Ensure transparency with automated Shariah Oracle compliance checks. Empower businesses to raise funds through Sharia-compliant IDOs.
